This convention will give us all the opportunity to network with association leaders and staff, commodity and livestock producers and Agri-business members, while significantly increasing a diverse agricultural audience that will attract well known speakers from the national level.

Sponsorship assistance from our agricultural partners will allow us to present those top-notch educational programs and provide information to help our leaders, producers and agribusiness partners meet the challenges facing agriculture.

Enclosed are copies of the sponsorship opportunities and benefits available for the fifth annual Nebraska Ag Classic. If you are interested in showing your support through Conference Sponsorship, please complete and return the Sponsor's Confirmation Form.

I would welcome the opportunity to answer your questions and visit with you in person about our Conference Sponsorship opportunities. Please feel free to call or contact me at the address above.

Or, visit out our web site at www.neagclassic.org for more information!
